

Zambia Copper Investments Limited  
(Registered in Bermuda)  
JSE code: ZCI  
ISIN: BMG988431240  
("ZCI" or "the Company")

#### SUSPENSION OF LISTING

The Directors of ZCI wish to inform shareholders that the delay in the submission of its provisional results for the period ended 31 December 2004 has resulted from delays in the production of accounts at Konkola Copper Mines plc ("KCM"). Shareholders are reminded that although ZCI's 28.4% shareholding in KCM represents the Company's sole material asset, ZCI no longer controls the production of KCM's accounts or the timing thereof.

The ZCI Board is making every effort to finalise the production of the provisional results in conjunction with the Company's auditors and is of the opinion that it will be in a position to release these results shortly.

Due to the delay in the publication of the provisional annual financial statements, the JSE will suspend ZCI's listing with immediate effect. The suspension will be lifted once the provisional results are released.

Bermuda  
4 May 2005

#### Note:

ZCI is Bermudian registered with its primary listing on the JSE Securities Exchange South Africa. It has a secondary listing on the Paris Bourse. ZCI's major asset is its holding of 28.4% of the share capital of KCM, a Zambian registered mining company.
